### BULGARIA WARNED.

Austria and Russia Ask Her to Abstain From Hostile Measures.

Vienna, Feb. 13.—It is reported here that Austria and Russia have warned Bulgaria to abstain from any measures likely to precipitate war and that it was this warning that induced Bulgaria to semi-officially deny any mobilizing of her army.

Now Nearing the Finals.

Winnipeg, Feb. 13.—The Winnipeg curling games are now nearing the finals. The three rinks still in the New York Life grand challenge events are Griggs of St. Paul, MacWhinney, Holland and Griffiths, Glensboro.

## SIGNING OF PROTOCOLS

ALL THE CONVENTIONS MAY BE RATIFIED AT EMBASSY OF GREAT BRITAIN.

## WILL END THE BLOCKADE

Germany to Receive the Full Amount Demanded in Five Installments. Reference of Preferential Treatment to The Hague So Worded as to Leave Loophole in Event It Is Desired to Settle the Question in Another Manner.

Washington, Feb. 13.—The probability is that the protocols for the raising of the blockade, which has been maintained by England, Germany and Italy against Venezuela for more than a month, will be signed by Minister Bowen and the representatives of the allied governments here during the day. Every indication points to that end. Minister Bowen had a busy time conferring with the English and Italian ambassadors and the German minister regarding various features of the protocols, with the result that they are practically in final shape. The signing of the protocols will, it is expected, be done at the British embassy, as it is regarded rather imprudent for Sir Michael Herbert to venture out on account of his illness. The protocols will provide for the raising of the Blockade

at once, for a cash payment of \$5,500 to each of the three allied governments, and for the payment of Germany of 1,700,000 bolivars in five installments, less the \$5,500 paid in cash. The first installment of the 1,700,000 bolivars, or \$340,000, is to be paid on March 15th. The protocols also will provide for the reference of the question of preferential treatment to The Hague, although it is understood this feature will be so worded as to leave a loophole in the event it is desired to settle the question with one such reference.

For the payment of claims of the allies, Mr. Bowen has arranged to begin immediately the setting aside of 30 per cent of the receipts of the two ports of Puerto Cabello and La Guayra as originally proposed. The first receipts set aside will be those for the month of March. The funds will be retained in the custody of Venezuela and will be paid out according to arrangements that may be hereafter made.

### NUMBER OF CHANGES.

Senate Committee Recommends Increases in Indian Bill.

Washington, Feb. 13.—The senate committee on Indian affairs has concluded consideration of the Indian appropriation bill. The committee recommends a number of changes, and its amendments add \$1,488,185 to the aggregate of the bill as passed by the house, making a grand total of \$10,433,213. The most important item of increase is \$1,200,000 to pay awards to loyal Creek Indians, whose property was destroyed during the War of the Rebellion. The house appropriations for the pay of Indian agents at the following agencies were stricken off: Cheyenne and Arapahoe agency; Oklahoma; Fort Berthold agency; N. D.; Kiowa agency; Okla.; Klamath agency; Ore.; Ponce, Pawnee, and Oakland agency; Okla.; Sisseton; S. D.; Umatilla, Ore.; and White Earth, Minn. The unsold lands of the Indian reservation

at Fort Hall, Idaho, which are within five miles of the town of Pocatello, are made subject to settlement and sale under the terms provided for the sale of the lands outside the five mile limit.

The secretary of the interior is authorized to sell in tracts of 160 acres, 250,000 acres of land in the western part of Red Lake reservation, Minnesota, no sales to be made at less than \$4 per acre.

### TRIED TO APPROACH HIM.

Indiana Legislator Makes Charges in State Senate.

Indianapolis, Feb. 13.—Senator Fort, Democratic floor leader, during the day charged that an effort had been made to approach him to secure his interest in the garnishee bill which is being supported by the Indiana Retail Merchants' association and is being fought by organized labor. He says he was told by a lobbyist for the bill that if he could pledge four Democratic votes there would be no limit as to his demands. The senator immediately made the statement public and spoke against the bill.

### IMPORTANT DISCOVERY.

Immense Silver Vein Located in Parral, Chihuahua.

El Paso, Tex., Feb. 13.—An important discovery of silicious silver ore came to light when several Pennsylvanians and New York capitalists returned from Parral, Chihuahua. They report a silver vein with 500,000 tons of ore in sight, six miles northwest of Parral. A contract was signed with the American Smelting and Refining company to deliver at Parral 5,000 tons a month. Silicious silver is very valuable, being used as lux for lighting.

### EASY TASK FOR CRUISER.

St. John's, Feb. 13.—Reports from the Bay of Islands indicate that the foe has been driven off the shore by winds, which will enable the cruiser Seminole to have a fairly easy task in cutting out the ice-bound American fishing schooners unless she meets with a deal of drift ice in the Gulf of St. Lawrence, between Cape Race and her destination.

### MONTANA TRAIN ROBBERY.

Burlington Flyer Held Up Just Outside of Butte.

Butte, Mont., Feb. 13.—Sheriff Quinn is firmly convinced that the robbers of the Burlington Flyer, No. 6, which was held up six miles outside of the city limits in the morning, reached Butte and are now in hiding in the city. From evidence Quinn says he has, he declares he will land the robbers before several days have passed. While Sheriff Quinn would not speak of the evidence in his hands, it is believed he relies on finding the rubber-tired carriage used by the holdups in their escape. The tracks of the men could be easily followed until the well traveled highways of the city were reached. A mask and empty cartridge shell dropped by the robbers are in the hands of the police. The bloodhounds brought from the penitentiary proved a failure and were returned to Deer Lodge.

### MADE A RAPID JOB.

Fireman Jondrow said the train was stopped by bits of burning paper and that within 35 minutes the robbers had finished their work and were on their way to Butte. He was forced to unhook the engine, mail and express cars from the remainder of the train and carry the dynamite of the robbers while one of the bandits fired a bullet between his legs to hurry him.

Various estimates are made as to the booty secured by the robbers. It is intimated in some quarters that the loss will into the thousands despite the assertion of the railroad people that not more than \$500 was taken.

William Cullagh, placed under arrest in the afternoon on suspicion of being one of the robbers, is still held by the police. Four hundred and eighty-five dollars were found in McCullagh's possession.

### SUSPEND PAYMENTS.

Co-Operative Turf Investment Companies Close Their Offices.

St. Louis, Feb. 13.—At the end of the third day's run on the co-operative turf investment companies by investors demand the return of their deposits, the results are:

E. J. Arnold & Co., John J. Ryan & Co., International Investment company, Christy Syndicate Investment company have suspended all payments. United Turf Investment company, office closed.

Grand jury investigation of investment company methods of transacting business.

Crowds of men and women eager to regain their investments, surged into the office of the various investment companies and all were doomed to disappointment.

### IN CENTRAL AMERICA.

Recent Advances Indicate War May Be Come General There.

Panama, Colombia, Feb. 13.—According to recent advances, the whole of Central America may be involved in war as the political conditions are most critical. The civil war in Honduras continues, and Guatemala is aiding the adherents of Bonilla, the elected president of Honduras, who is unable to assume office, owing to the opposition of General Sierra, the president of the republic, whose term has expired. Nicaragua and Salvador are understood to be co-operating against Guatemala and to be furnishing the enemies of the Guatemalan government with arms and ammunition. About 2,000 Salvadoran troops are reported to be near the frontier of Guatemala.

## FIVE MEN MEET DEATH

ESCAPING GAS OVERCOMES FIFTY PERSONS IN A PLANT AT CHICAGO.

## RESULT OF CARELESSNESS

Workmen Had Been Engaged in Making Changes in a Purifying Box and Neglected to Close the Covers. When the Gas Was Turned Into the Receptacle for Purifying Process, It Escaped in Volume and Prostrated the Men Where They Stood.

Chicago, Feb. 13.—Five men met death and ten were overcome at night by the fumes of gas escaping from the purifying box in the plant of the Northwestern Gas Light & Coke Co., at Blue Island.

The men, under the direction of Superintendent Martin C. Russell, had been engaged in changing the purifier in the purifying box. According to the statements of the men at the plant, when the men finished the work of changing the substance in the box, they did not close the covers of the box. When the gas was turned into the box for the purifying process it escaped in volumes and the men were overcome where they stood. The dead are:

Martin C. Russell, superintendent, George Arnold, fireman, John Long, laborer, J. Larson, laborer, Albert Katolp, laborer.

The injured are: William Black, Carson England, and eight laborers, names unknown.

Except Black, the injured men are said not to be in danger of death.

### BAER AND DARROW.

They Draw a Large Crowd Before the Strike Commission.

Philadelphia, Feb. 13.—Before an audience that filled every inch of space in the United States circuit court room, President George F. Baer of the Reading company made the closing argument for the coal operators before the strike commission, and Clarence S. Darrow, chief counsel for the miners, began the summing up for the strikers. The principal speakers held the attention of the auditors throughout the session.

Great interest was manifest in Baer's appearance before the commission to plead the cause of the mine owners. Baer concluded his address by making a proposition to pay the contract miners on a sliding wage scale, the wages to fall or rise with the market price of coal at New York, but in no case to fall below the present basis for three years. The spokesman for the coal companies took up two hours and twenty minutes in delivering his address, and when he sat down he was congratulated by hundreds of persons.

Attorney Darrow spoke for the miners at the afternoon session for two hours and a half. The crowd that heard him was equally as large as that which listened to Baer, and he, too, was surrounded by an admiring throng when he temporarily suspended his speech at adjournment time. His remarks were directed principally at the wage statements presented to the commission, which, he said, could not be relied upon.

### MAKES SLOW PROGRESS.

House Covers But Few Pages of the Sundry Civil Bill.

Washington, Feb. 13.—The house made slow progress with the sundry civil bill during the day, covering only twenty-seven pages and leaving forty pages still to be disposed of. The delays were occasioned by a rather protracted discussion of the item in the bill for the maintenance of the White House, and there was considerable debate upon the item appropriating \$3,000,000 for the relief of distress in the Philippines. Mr. Gaines (Dem., Tenn.) and Mr. Fitzgerald (Dem., N. Y.) criticized the greatly increased item for the maintaining of the White House. An amendment to cut in half the appropriation for the relief of distress in the Philippines, was defeated, but the language of the paragraph was modified to require annual reports of the expenditure of the money.

### SHOOTS TWO MEN DEAD.

West Virginian Uses Revolver With Fatal Results.

Roanoke, Va., Feb. 13.—John Frith shot and killed Witten Height and Frank Williams and wounded two persons at Eckman, W. Va., during the night.

Frith and Height were partners in a restaurant business at Bucha, a few miles from Eckman, and Tuesday night Height had Frith and Mrs. Height arrested on account of some domestic troubles. They were later arrested and when Mrs. Height and their three children at Eckman, Frith walked up to Height and shot him in the heart. Williams, who is an uncle of Frith, caught him and took the revolver away from him to prevent him killing Height's children. Frith then walked up to Height who was lying dead and taking his revolver shot Williams dead. Another man who attempted to hold Frith was shot through the jaw. He then in an attempt to shoot the children shot a bystander through the leg. Frith escaped.

### MORGAN ON CANAL TREATY.

Alabama Senator Has Little Faith in Colombia.

Washington, Feb. 13.—With the exception of a few minutes, during which routine business was transacted, the five hours' session of the senate was behind closed doors, adjourning at 5:20 p. m.

Senator Morgan spoke on the Panama canal treaty and directed especial attention to the fact that there had been a failure to embody the act of congress providing for the construction of the canal in the treaty, as was set forth in the preamble and dwelt at length on what he termed the unreliability of revolutionary character of the government. He asserted that the price of \$10,000,000 in cash which the United States had agreed to pay to Colombia was exorbitant and more than was necessary in view of the former agreement to take \$7,000,000. He also criticized the provision for a

Perpetual Annual Payment

of \$250,000 and declared that in all probability much of these payments would go into the pockets of private individuals in this connection he declared that a recent chief executive of the Colombian government had sold out and abdicated for a million dollars. He repeated his declaration that the existing government has no power to enter into treaties and asserted that a treaty with that government would not be binding. He declared

that it would be folly to make the payment of \$17,000,000, as was proposed by the treaty, depend on so unstable and unsubstantial an institution as the Colombian congress, and especially in view of the chronic insurrectionary condition of the people.

Senator Morgan gave notice of thirty proposed amendments to the treaty.

### DR. CURRY DEAD.

Prominent Southerner Passes Away at Asheville, N. C.

Charlotte, N. C., Feb. 13.—Dr. J. L. M. Curry, one of the most prominent educators in the South, died in Asheville, N. C., at 11:20 o'clock p. m. of Bright's disease. Dr. Curry had been critically ill for the past two weeks. Mrs. Curry, who arrived from Philadelphia last week, was at the bedside of her husband when he died.

Dr. Curry was born in 1825, and was a native of Georgia. He served as a representative from that state in the Thirty-fifth and Thirty-sixth congresses. When Alabama seceded from the Union he resigned from the United States congress and became a member of the Confederate congress.

During former President Cleveland's administration Dr. Curry was envoy extraordinary and minister plenipotentiary to Spain. He also was general agent of the Peabody Fund and chairman of the education committee of the John F. Slater Fund.

Dr. Curry was a veteran of the Mexican war and was a lieutenant colonel in the Confederate army.

Corn—Corn sympathized with wheat to some extent selling at 45 1/2 but closed fractionally lower than Wednesday. The situation is unchanged and we are not likely to see much more reaction.

Flax—The flax ruled weak same as grain and dull May flax closed at 116 1/2. Around 116 considerable flax was wanted but prices are firmly held around the present level.

## PACIFIC SQUADRON SAILS.

Leaves San Francisco for Scene of Central American Trouble.

San Francisco, Feb. 11.—All the warships in Admiral Glass' squadron started from this port for Honduras during the day. With the New York are the Boston, Marblehead and Ranger. On the New York there was a small fire in the paymaster's cabin Monday. It was easily extinguished, only part of the woodwork in one room being destroyed. Some one dropped a cigarette into a waste basket and started the blaze. Repairs will be made on the voyage.

## Abraham Lincoln.

Safe in fame's gallery through all the years  
Our dearest picture hangs, your steadfast face,  
Whose eyes hold all the paths of the race  
Redeemed by you from servitude's sad tears.

And how redeemed? With agony of grief,  
With ceaseless labor in war's lurid light,  
With such deep anguish in each lonely night,  
Your soul sweat very blood ere came relief.

What crown have you who bore that cross below?  
Oh, faithful one, what is your life above?  
Is there a higher gift in God's pure love  
Than to have lived on earth as man of God?  
—Mary Livingston Burdick in Lippincott's Magazine For February.

Rev. S. L. Parish former pastor of the M. E. church here was a very welcome visitor among his old friends over Sunday. He preached in Pine River Sunday morning and at Pequot Sunday evening. Mr. Parish is well beloved by the people of this portion of the country and was warmly greeted by the large audience who heard him.

## OF IMPORTANCE TO IRELAND.

Under Secretary Praises Report of a Conference.

Dublin, Feb. 13.—Sir Anthony MacDonnell, under secretary for Ireland, speaking at a meeting here, after highly praising the report drawn by Lord Dunraven's Irish landlord and tenants' conference as one of the most important documents that had seen the light of Ireland for a generation, said he could not divulge the provisions of the land bill, but he could say that the government's bill was constructed with an honest desire to do justice to all concerned and with the object of laying the foundation of a lasting peace in Ireland.

## ARRIVE AT ST. LOUIS.

Minnesota Legislators Inspect Exposition Site for State Building.

St. Louis, Feb. 13.—The delegations from the house and senate of the Minnesota legislature, headed by Lieutenant Governor Jones, arrived here during the day and after lunch went immediately to the exposition grounds where they inspected the site selected for the Minnesota building and met the heads of the various departments. The delegation was cordially received by the exposition officials.

## SULTAN WILL FIGHT.

Not Willing to Have His Authority in Macedonia Diminished.

London, Feb. 12.—According to a dispatch from Philippopolis, published in the Standard, the sultan of Turkey is absolutely resolved to fight rather than accept reforms calculated to diminish his authority in Macedonia. The Macedonians, however, says the correspondent, will not wait and Turkey will almost inevitably be drawn into war with Bulgaria.

## REOPEN DREYFUS CASE.

Considerable Element in French Chamber Favors Such a Course.

Paris, Feb. 11.—The Socialist group in the chamber of deputies has formally decided to hold two meetings to consider the proposition of M. Jaures to renew the Dreyfus agitation in connection with the hearing of the matter of the verification of the election of M. Syveton, Nationalist. Owing to the strength of this group the action taken is regarded as significant of there being a considerable element in the chamber favorable to reopening the case.

## Children Burn to Death.

Lincoln, Neb. Feb. 13.—The cottage Mr. and Mrs. James Lyons burned in the afternoon and their two children, a boy five years old and a baby, perished in the fire. They had been left alone in the house.

## A NOVEL GRIDIRON.

New Scheme Suggests a Radical Change in Football.

Fred C. McCutchen, general manager of athletics for the University of Iowa for several years, recently went to Iowa City to obtain the views of the athletic authorities upon a proposed change of the football gridiron which has been discussed by a number of athletic authorities in the west.

The plan is to change the form of the present gridiron so as to have it in the form of a football, says the Chicago Record-Herald. This would make it about its present width at the center of the field and taper down gradually to the distance between the goal posts at the two ends of the field. The field would probably be somewhat lengthened.

The advantage of the plan would be that it would render the game much more easily observable by all the spectators. At the center all can see the game very well as the field is at present constructed, but when the game gets down on one side it is not seen so well by all the spectators. The proposed gridiron takes the play, when the scrimmages are near either goal to near the center of the field where all can see it well.

Another advantage claimed for the change would be that there would be less of the open field work. The touchdowns would be made usually by line smashes. The change would also give the defensive team, when its goal is neared, a constantly lessening base to defend. As the offensive team approached the goal posts it would be compelled to attack more and more in the center of the field, thus giving them a slight handicap as against the weaker defensive team. In punts the fullback would not be compelled to defend the long stretch of territory when near his own goal which he is now compelled to cover.

The new plan has been only tentatively suggested to athletic authorities. Any indorsement of the plan will be withheld at Iowa until the return of Physical Director A. A. Knipe in March.

## FATAL GAME OF CARDS.

Tragic Incident of the Railway Disaster Near Westfield, N. J.

Four of the victims of the recent Westfield (N. J.) railroad wreck were playing whist when the flying express engine crashed into the car, says a Plainfield (N. J.) dispatch to the New York Evening Journal. Harry Rogers, Roland Clandor, Harvey L. Patterson and Thomas De Meza have played whist on the Easton express regularly for several weeks. On the fatal afternoon De Meza came home on an earlier train, and his place in the game was taken by James W. Hallett, who left a forward car to take part in the game.

Everett Reighton was standing in the aisle watching the four players when the train stopped. F. S. Martin, who was standing at the rear door of the car, saw the train coming and asked a brakeman if there was any danger of a collision.

Reighton turned to the players, all of whom he knew, and remarked, with a laugh: "Better hurry and finish our game. We will all be in eternity in a minute."

Just then Mr. Martin jumped from the train to safety, yelling an alarm as he went. Reighton tried to escape, but was caught. One leg was broken, and he was otherwise injured. The four card players were all killed.

## UGLIER THAN LINCOLN.

Characteristic Anecdote of the Famous War President.

A very characteristic anecdote of President Lincoln was told by the late Rev. William Hastings, who took great pleasure in telling it in spite of the fact that it was rather unflattering to himself, says Youth.

"Back in the sixties," the minister used to tell, "when I was a chaplain in the army, I was on a train one day when a tall and angular stranger arose from his seat, came over to where I sat and handed me an old fashioned pocketknife. Much astonished, I asked what he meant.

"The tall man, who, I soon learned, was President Lincoln, said: 'Keep it. You are entitled to it. Years ago that knife was presented to me, with the request that if I ever saw an uglier man than myself I was to give it to him.'"

## BRIDEGROOM WORE WHITE.

Unusual Feature of a Church Wedding in Lebanon, Pa.

William Gebhard, son of ex-Recorder Henry L. Gebhard, and Miss Sadie Yetter, both of Lebanon, Pa., were married the other evening in St. John's Reformed church, says the Philadelphia Press. Rev. V. W. Dippell, pastor of the church, officiated. The bridesmaid was Miss Mary Bender, and the best man was Harry G. Gebhard, a brother of the bridegroom.

The bridegroom was attired in a pure white broadcloth suit with large buttons studded with opals. The bride and attendant wore gowns of white, and the best man wore conventional black. Five hundred guests witnessed the ceremony.

## A Blow at Duelling.

A student named Ruff has just been sentenced to three and a half years' confinement in a fortress for shooting and killing a fellow student in Carlsruhe. It was proved against the convicted man that he deliberately picked a man of another student corps who was very young and had had no experience with a pistol. The conviction is generally approved, although some of the German papers complain that it is not severe enough. The majority of them are willing to accept it as a move in the right direction.

## THE MCGUIRE CASE IS BEING TRIED.

Much Interest Being Taken in a Case Being Tried in the District Court.

### CHWENEGAR IS NOT GUILTY.

This Was the Verdict Returned by the Jury in This Case Last Evening.

This morning the case of the state against John McGuire (Jack Burns) was taken up. McGuire is charged with assault in the first degree, the incidents leading up to the alleged assault having transpired at the Armstrong Hotel saloon last summer when he and Maurice LaMoine were playing a game of dice. Attorney A. H. Hall, of Minneapolis, returned this morning from below and is conducting the case in behalf of the defendant. On account of Mr. Hall's reputation as criminal lawyer, and also on account of the notoriety of the defendant, there was a large crowd in the court room.

The entire morning was consumed in securing a jury. Twenty names were called during the morning hours and but nine jurors out of this number were retained. Actual bias was the cause for which many of them were discharged. It proved that there are not many men in the county but who know the defendant.

The venire was exhausted at the noon hour and a special venire was made. Four more men were examined this afternoon before the jury was secured, making twenty-four in all that were tried.

County Attorney Crane outlined the state's case and called as the first witness, Maurice LaMoine, the man with whom McGuire had the difficulty. He testified that on the evening which he had an altercation with the defendant that they played a game of dice for something like \$1.75, the former winning. McGuire retorted that he had enough money to buy the place out, whereupon LaMoine told him if he had so much coin to pay him what he owed, \$1. McGuire called him a liar and dared him to come out from behind the bar. This LaMoine did and in the scuffle which followed McGuire was thrown down. He got up and walked out, returning in a few minutes with the weapon and on several occasions threatened to do LaMoine up. The direct examination lasted for over an hour and at the time of going to press witness was undergoing a rigid cross-examination at the hands of Attorney Hall.

Joseph Chwerenegar, charged with indecent assault, was acquitted by the jury yesterday afternoon in the district court. It was conceded all along that the state did not have much of a case and that the matter should never have been brought into the courts. The complainant, Mrs. Rosie Mulkoski, was a very poor witness for herself, and Attorney F. L. Bannon, who appeared for the defendant, brought in Mrs. Plummer and her daughter and both testified having had conversation with the plaintiff regarding the matter. The woman told them that the lock on the door in question had been broken for a long time; that the defendant did not try to assault her, etc.

The fact in the matter is that the family and Chwerenegar were very good friends, had spent evenings together drinking beer etc., and in fact was so intimate that he never knocked at the door when he went in, but walked right in, being given all the liberties that any other member of the family had. The jury was out not over ten minutes before they returned the justifiable verdict of not guilty.

**Honey.**  
According to a writer in Health, honey is a valuable medicine and has many uses. It is excellent in most lung and throat affections and is often used with great benefit in place of cod liver oil. Occasionally there is a person with whom it does not agree, but most people can learn to use it with beneficial results. Children who have natural appetites generally prefer it to butter. Honey is a laxative and sedative, and in diseases of the bladder and kidneys it is an excellent remedy.

It has much the same effect as wine or stimulants, without their injurious effects, and is unequalled in mead and harvest drinks. As an external application it is irritating when clear, but soothing when diluted. In many places it is much appreciated as a remedy for croup and colds. In preserving fruit the formic acid it contains makes a better preservative than sugar sirup, and it is also used in cooking and confections. Honey does not injure the teeth as candies do.

## SOME THINK IT UNWISE.

Claim that County Commissioners Should Have Liberty to Make Big Levy for Road and Bridge Fund.

Some little sentiment has arisen over the action of the city council relating to the 2.6 mill levy for the county road and bridge fund, which has been found by Judge Fleming to be in excess of the levy allowed by law for such purposes, a bill having been drafted and sent to Senator Ferris to be introduced, which will provide a means of correcting the levy to comply with the requirements of the law.

It is argued that no objection should be made to the 2.6 mill levy even though the law does not allow this amount; that the roads leading to the city need repair, and that this question of constructing roads in this country is of greater importance to the future welfare of the city than anything that has been brought up for some time. The question has been asked who derives the benefit from the money expended on roads and bridges more than the merchants of Brainerd, and what affects the merchants certainly affects the city.

It is understood that there is a move on foot among some of those interested in the matter to have the bill sent to St. Paul defeated, believing that it would, if passed, work a detriment in the long run to the city of Brainerd as well as Crow Wing county. Of course Judge Fleming is acting in the matter at the solicitation of the city council who first raised the question.

### SOME ONE DISCOVERS GOLD.

Alderman Solomon Johnson Says that Some People Digging a Well Found Some of the Metal.

Alderman Solomon Johnson is authority for the statement that gold has been discovered within a few miles of the city. The gold was found while some men were digging a well, but it is understood from Mr. Johnson that the location is to be kept secret for those who have made the discovery are afraid of a grand rush for the scene. This story can be taken for what it is worth.

### WOMEN MAY VOTE.

Opinion Given that Ladies May Vote at the Mass Meeting to be Held Next Wednesday Evening.

The question has been raised as to whether or not women will be allowed to participate and vote at the mass meeting called by the board of education, as provided by law, for Wednesday evening, February 18, at the Washington school building, when the matter of issuing \$40,000 bonds for the erection of additions to the Washington and Lowell schools will be voted upon. It was stated by the DISPATCH in a recent article on this question that women would be allowed to vote, but this statement was made from general knowledge, not being backed by legal opinion.

A representative of the DISPATCH therefore called on Alderman & Mantor this morning to secure their legal opinion in the matter. Both gentlemen expressed their opinions very frankly. They state that one has but to refer to the law on the question and it seems very plain that women will be allowed to participate and vote on the question. The law reads that women will be allowed to vote for candidates for positions on the school boards and on "all other matters pertaining to the schools." It is thought by the gentlemen referred to above that no matter is of greater importance "pertaining to the schools" than this one and therefore it is clear as to what the law implies on the point in question.

### CLAIM THEY HAVE RIGHT.

Commissioner Gardner Claims that the 2.6 Mill Levy for Roads and Bridges is Legal.

It is understood that the article published in the DISPATCH of yesterday was a surprise to the county commissioners. Commissioner Gardner claims that there is a law providing for a levy of 1 mill for every million dollars of the taxable valuation of the county. He will consult legal authority on the matter.

## MUSIC AND DRAMA.

"DOWN BY THE SEA."

In these days when everyone is bemoaning the degeneracy of the drama it is intensely interesting and refreshing to sit for three hours and thoroughly enjoy a clean, wholesome play like "Down by the Sea," which is announced for an engagement next Friday evening Feb. 20th, at the Brainerd theatre. As a plot and story it is complete and the situations and climaxes are thrilling and interesting. Its characters are original creations and the play throughout is refined and free from stage exaggeration so common in most melodramatic productions of the present day. The company presenting "Down by the Sea" is far above the ordinary in quality and includes Fannie Curtis, J. M. Stevens, Little Josephine Stevens and a number of other talented players. The scenic effects are beautiful and the production is one of merit.

"MISS SIMPLICITY."

In "Miss Simplicity," the new operatic comedy in which he is appearing this year and which he will present at the Brainerd theatre next Saturday Feb. 21. Frank Daniel has a part that is widely different from any of the roles in which he has here tofore been seen. As Blossoms, he is a former trolley car conductor, who has become the valet of a young English nobleman, Lord Montford. Montford falls heir to a microscopic kingdom on the Continent. On the way to his own coronation, he falls in love with a pretty peasant girl and makes up his mind that he prefers the girl to the kingdom. He chooses Blossoms as the most likely substitute for king. Those who have seen Daniels in this new piece say that he gets more different kinds of fun out of the combination of trolley car slang and kingly dignity than he ever has with any of his former roles.

### Celebrated Wedding Anniversary.

Mr. and Mrs. John Hughes celebrated the 25th anniversary of their marriage at Walker hall last evening. So long and worthy has been their acquaintance in the city that many Brainerdites who were present at the 5th anniversary congratulated them upon the twenty-fifth.

Relations were present from West Superior, Minneapolis and other points, and 60 couple participated in the congratulations.

The affair was significant in the fact that so many of Brainerd's young people were found to be the close intimates and companions of a couple married 25 years ago.

The presents were beautiful, and all joined in the hope that kind Providence might extend 25 years of silver into 50 years of gold, so happy has been the union of their lives.

Supper and dancing followed the reception, and it was the unanimous opinion that one of Brainerd's happiest social events for some time had closed.

### Notice of School Meeting.

A meeting of the legal voters of Brainerd school district will be held at the high school room in Washington school building in the city of Brainerd, county of Crow Wing, state of Minnesota, on Wednesday, the 18th day of February, A. D. 1903, at eight o'clock p. m.

The object of such meeting is to determine upon the erection of an addition to said Washington school building to make sufficient room for the high school and such grades as may be properly placed in said building, and also a four-room addition to the Lowell school building in said district, and to designate the amount of money to be raised for such purposes.

Dated at Brainerd Minn., this 4th day of February, 1903.

J. C. CONGDON,  
President Brainerd School District.  
MONS MAHLUM,  
Clerk of Brainerd School District.

### Notice to W. R. C.

There will be a meeting of the W. R. C. in L. O. O. F. Hall, Saturday, Feb. 14, at 2 p. m. to transact business of importance. All members are requested to be present. After the business meeting a fifteen cent lunch will be served to which the friends of the W. R. C. are invited. ANNA T. WILSON.

Ladies half fare any afternoon. Saturday from 1 to 4 p. m., ladies only at the Metropolitan Bowling alley. 16111

**BLAMES OPERATOR CLOUGH.**  
Jury Holds Him Responsible for Ter-

Tucson, Ariz., Feb. 13.—The Richey  
coroner's jury brought in its verdict  
during the day as to the responsibility  
for the collision at Esmond between the  
eastbound and westbound passen-  
ger trains on the Southern Pacific.  
Jan. 25. The jury places the respon-  
sibility on Operator Clough. It con-  
demns the Southern Pacific for failing  
to place guards around the wreck to  
prevent the wholesale pilfering of  
articles from bodies and wreckage.  
The jury says it would have been pos-  
sible to identify more bodies had it  
not been for the looting of the wreck  
by souvenir fiends. The crews of both  
trains are exonerated from all blame.  
Clough's whereabouts are still a mys-  
tery.

felony and punishable by imprison-  
ment for not more than ten years or a  
fine of not more than \$5,000, or both.

**Want Heavy Increase**  
Topeka, Kas., Feb. 13.—The Nation-  
al officers of the trainmen and conduc-  
tors arrived here during the day and a  
number of conferences regarding the  
Santa Fe wage situation were held.  
The trainmen will also confer with  
Vice President Kendrick and other  
Santa Fe officials. It is stated the men  
insist on receiving a 20 per cent in-  
crease. President Ripley, a few days  
ago, said this would not be granted.

**Bowling Record Broken.**  
Chicago, Feb. 13.—A new world's  
record score of 1141 was made here  
by the Gunthers, a five-man team in a  
regular series in the Illinois Bowling  
league. The former record was 1132  
made in an exhibition game.

**The Mountain View Route.**  
This is what the Northern Pacific  
—Shasta, or Shasta—Northern Pa-  
cific Route—it reads as well back-  
ward as forward—may well be called.

The route takes its name from Mt.  
Shasta in northern California. This  
white, snow capped peak, at the foot  
of which the Shasta route winds, is  
14,350 feet high. The mountain is in  
plain view for several hours from the  
train and its distance from the track  
varies from twelve to seventy-five  
miles.

The beautiful scenery of the Sacra-  
mento river at the base of Shasta, is  
connected with this route only.  
Castle Crags, Mossbrae Falls and  
the natural twin soda fountains at  
Shasta Springs are scenic gems.

The crossing of the Siskiyou range  
furnishes the par excellence of rail-  
way mountain scenery and observa-  
tion cars are furnished there free of  
charge. Then in succession comes  
Mts. Jefferson, Hood—a beautiful  
mountain—St. Helens, Rainier—14,  
532 feet high—and Adams, all for-  
mer active volcanoes and now covered  
with glaciers.

From Portland a steamboat ride  
trip up the noble Columbia river to  
the Cascades and Dalles enables the  
tourist to see a river, palisades,  
waterfalls and mountains far sur-  
passing anything the Hudson can  
show.

An opportunity is also given to  
visit Tacoma, Seattle, Victoria, Van-  
couver and the Puget Sound region.  
Then follow the cascade range and  
the Rockies, and best of all, a stop  
can be made at Yellowstone Park.

This line traverses the finest scenic  
region of the United States—don't  
forget it, and see that your return  
tickets home from California read  
around this way.

The train service between Port-  
land and the Puget Sound country,  
and Duluth, Minneapolis and St.  
Paul via Spokane, Butte and Helena,  
is unsurpassed, including through  
trains daily, one of which is the  
noted "North Coast Limited."

**MEMORY OF LINCOLN**  
PROMINENT MEN PAY TRIBUTE  
TO GREATNESS OF THE MAR-  
TYRED PRESIDENT.

**IRELAND GUEST OF HONOR**  
St. Paul Archbishop Speaks on the  
Life of the Great Emancipator at a  
Banquet in Chicago—Black of New  
York and Cushman of Washington  
Address an Assemblage in the Em-  
pire State's Metropolis.

Chicago, Feb. 13.—Archbishop Ire-  
land of St. Paul was the guest of hon-  
or at a banquet at the Auditorium ho-  
tel by the Lincoln club in commemora-  
tion of the ninety-fourth anniversary  
of the birth of Abraham Lincoln. He  
delivered an address on the great  
emancipator.

In conclusion the archbishop said:  
"It is not for us to dedicate, to conse-  
crate the memory of Abraham Lincoln.  
Nothing that we can say or do can  
make his memory more sacred, more  
valued. It is for us to be dedicated  
to the ideas which that memory holds  
out, to be dedicated to our duty as  
Americans, that we take increased  
devotion in the cause for which he  
gave the last full measure of devotion  
that we here resolve that he shall not  
have lived and died in vain; that this  
nation shall have not come forth in  
vain from the terrible ordeal of the  
Civil war and that the government of  
the people, by the people and for the  
people shall not perish from the  
earth."

Among the other speakers were A.  
J. Hopkins, James A. Trautman, Kan-  
sas; J. Wesley Hill, Pennsylvania, and  
Congressman George E. Foss.  
The day was quite generally observ-  
ed as a holiday, and patriotic observ-  
ance was general among all classes.  
Memorial hall in the public library  
building was thronged with veterans  
assembled to pay homage to the mem-  
ory of Lincoln. In many churches  
memorial services had a large attend-  
ance.

New York, Feb. 13.—Members of  
the Chicago Society of New York gath-  
ered at Delmonico's, where they cele-  
brated the memory of Abraham Lin-  
coln. The great war president was  
eulogized by men who had personally  
known him.

Ex-Governor Black of New York and  
Congressman Cushman of Washing-  
ton spoke on Lincoln at the banquet  
of the Republican club. President  
Roosevelt sent a letter of regret.

Baltimore, Feb. 13.—The Chamber  
of Commerce was closed in honor of  
the anniversary of Abraham Lincoln's  
birthday. A number of societies ob-  
served the day, the chief events be-  
ing the annual banquet of the Union  
league, at which United States Sena-  
tor Clapp, of Minnesota, was the prin-  
cipal speaker, and the banquet of the  
German-American Lincoln club.

Springfield, Ill., Feb. 13.—Lincoln's  
birthday was observed in this city, in  
which he achieved his greatness, by  
exercises at his tomb at the national  
Lincoln monument, under the aus-  
pices of Stephenson Woman's Relief Corps  
No. 17.

**LAST OF THE SERIES.**  
Army and Navy Reception Closes Sea-  
son at White House.

Washington, Feb. 13.—President and  
Mrs. Roosevelt's reception in honor  
of the army and navy, the final formal  
evening levee of the season at the  
White House, was the most largely at-  
tended of the series. The army and  
navy contingents were out in full force  
and their uniforms, together with those  
of the diplomatic corps, who were  
largely represented, made the scene a  
very interesting one. A picturesque  
feature of the reception was the pres-  
ence of Chief Joseph of the Nez  
Perces Indian tribe, with half a dozen  
of his followers. They were attired  
in typical Indian costume with their  
blankets wrapped about them. As  
they introduced the president greeted  
them cordially and invited them to  
join the receiving party. The marine  
band played during the reception.  
Those invited to join the receiving  
party in the blue room included the  
members of the cabinet, supreme  
court, senators and members of con-  
gress and representatives of resident  
and out of town society.

**REACH A DECISION.**  
Statehood Bill's Friends Will Tack It  
Onto Postoffice Measure.

Washington, Feb. 13.—The friends  
of the statehood bill have reached a  
definite decision to have the omnibus  
statehood bill reported as a rider to  
the postoffice appropriation bill. It is  
the purpose to make a fight in the  
senate to have the statehood bill  
tacked onto one of the appropriation  
bills, the passage of which is ab-  
solutely necessary to the running of  
the government.

**RICH GOLD STRIKE.**  
Great Excitement Prevails Over a Find  
in Torres Mountains.

Tucson, Ariz., Feb. 13.—News from  
Douglas says that great excitement  
prevails over a rich gold strike made  
in the Torres mountains, forty miles  
from the terminus of the Nacochari  
railway. More than a score of expedi-  
tions have left Douglas since Mon-  
day for the scene of the strike. Sam-  
ples of ore brought to Douglas assay  
from 2,000 to 3,000 ounces gold. Al-  
most the entire district in which the  
find was made is opened to location.

**Puget Sound Steamer Burns.**  
Seattle, Wash., Feb. 13.—The Sound  
steamer Bay City has been burned to  
the water's edge at Ballard, six miles  
from Seattle, with a loss of \$75,000.  
The steamer was owned by W. H. El-  
der of the Washington Navigation  
company.

**APPLICATION OF TILLMAN.**  
In Request for Bail He Sets Forth His  
Version of the Killing.

Newberry, N. C., Feb. 13.—Owing to  
the failure of the defending attorneys of  
Former Lieutenant Governor James  
H. Tillman, charged with the murder  
of N. G. Gonzales, editor of the State,  
in Columbia, Jan. 15, to serve the  
prosecution with copies of the affida-  
vits to be presented at the day's hear-  
ing for an application for bail, Chief  
Justice Y. J. Pope, ordered the ap-  
plication postponed until Thursday, Feb.  
19.

In his application Tillman claimed  
he had been abused and maligned by  
the editor of the State. He heard  
rumors that Mr. Gonzales had threat-  
ened him and had been advised to be  
on his guard. He was informed that  
Mr. Gonzales inquired for him at the  
state house, saying he would make  
him show the white feather, that on  
the day of the shooting he happened  
to be moving some of his effects.

**Including Two Pistols.**  
from the statehouse to his rooms. He  
saw Mr. Gonzales coming, glaring at  
him, saw him run his hand deep in  
his overcoat pocket and turn toward  
him, and believing his life in danger,  
he hurriedly said:

"I received your message," and  
fired.  
An affidavit by Richard Holtzenbach  
of Edgefield stated that he heard Ed-  
itor Gonzales inquire of Doorkeeper  
John A. White, where his boss was;  
that he had made Tillman show the  
white feather several times and would  
do it again.

He subsequently saw the meeting  
between Tillman and Gonzales and his  
version and that of Tillman as to  
what occurred are identical.

J. A. White substantiated what  
Holtzenbach stated as to the conver-  
sation, except that he did not know it  
was Gonzales who was talking to him.

**NORTHFIELD RAIDERS.**  
Two Women Alleged to Have Been in  
the Gang.

St. Paul, Feb. 13.—A special to the  
Globe from Carthage, Mo., says:  
New light is thrown upon the opera-  
tions of the James and Younger gang  
by the statement of George Plann, who  
lives near this city, that the outlaws  
were accompanied on their Northfield  
(Minn.) raid by two women, Belle  
Starr and Sallie Starr, disguised as  
men. George Plann and Sallie Starr  
were married in 1885, and lived to-  
gether until her death a year ago at  
Claremore, I. T. Plann says his wife  
told him she had been an accomplice  
of the James and Younger boys and  
that she and her cousin, Belle Starr,  
were with them when they attempted  
to rob the bank at Northfield.

She stated that the gang stooped at  
Owatonna, Minn., while planning the  
details of the robbery. She and Belle  
Starr guarded the horses of the out-  
laws during the attack on the bank.  
It was Cole Younger and Jesse James  
who went into the bank where James  
Haywood was killed. When it was  
found that Jim Younger had been shot  
and rendered helpless the robbers  
separated.

Frank and Jesse James and the two  
women escaped together into Wiscon-  
sin, where they remained in conceal-  
ment two weeks. They then went by  
rail to Chicago.  
Tom Plann, a brother of George,  
vouches for the truth of the story.

**STARTLING PLOT REVEALED.**  
Utah Girls Had Planned to Poison  
Teachers in Reform School.

Ogden, Utah, Feb. 13.—As a result  
of the general investigation brought  
about by the recent attempt of certain  
inmates of the state reform school to  
burn the buildings, the officials have  
unearthed a conspiracy among some  
of the girl inmates to poison the teach-  
ers and others in authority at the  
school.

It is known that at least two girls  
are concerned, and that poison enough  
to kill 1,000 people was found in their  
possession. The conspirators, it is al-  
leged, planned to put this poison in  
the coffee at breakfast.

**GOOD ROADS ADVOCATES.**  
International Conference Will Be Held  
at Detroit.

Detroit, Mich., Feb. 13.—An inter-  
national conference on the subject of  
good roads will be opened at the  
Wayne Hotel here in the morning.  
President H. S. Earle of the  
American Roadmakers and Mayor Wil-  
liam C. Maybury, both of Detroit, will  
welcome 300 workers in the good roads  
movement. Covers have been reserved  
for 225 guests for a banquet to be  
given in the evening.

**ARGUMENTS ARE BITTER.**  
Both Sides Conclude Arguments in the  
Alexander Case.

Indianapolis, Feb. 13.—Arguments  
in the Dr. Alexander grave robbing  
trial were completed during the day.  
Henry Span occupied the day until 3  
o'clock in the afternoon in closing for  
the defense and William T. Brown  
closed at 5 o'clock for the state. Both  
arguments were bitter.

**Colorado Storm Continues.**  
Denver, Colo., Feb. 13.—The storm  
which broke over Colorado Wednes-  
day continued during the day, and ac-  
cording to telegraphic advices extend-  
ed over the entire Rocky Mountain  
region. The absence of heavy winds  
saved the railroads from any serious  
delays.

**TELEGRAPHIC BREVITIES.**

Tom Jenkins of Cleveland defeated  
Paul Pons, the French-Canadian wrest-  
ler, at Baltimore.

Mike Shreck of Cincinnati practi-  
cally knocked out "Cyclone" Kelley,  
of San Francisco in the fourth round at  
St. Louis. The referee stopped the  
fight.

The thirty-fifth annual Iowa con-  
ference of the Evangelical Lutheran  
synod, in session at Burlington, elect-  
ed Rev. R. A. Norbaum of Swedes-  
burg president.

at Rome in honor of Ambassador  
Choate, who is on his way back to his  
post in London from his trip to Tur-  
key and Egypt.

**APPETITES**

Created and Maintained  
by Vinol.

THAT THE FOOD IS DIGEST-  
ED IS ALSO EQUALLY  
NECESSARY.

We Recommend Vinol as an  
Appetite Creator.

WE GUARANTEE THAT VINOL  
WILL AID DIGESTION.

Vinol is the greatest aid to digestion  
that we have ever known.  
It is because Vinol acts so beneficially  
upon the stomach that it accomplishes  
so much good.  
Vinol contains the active curative  
principles that are found in cod-liver  
oil, without any oil or grease.  
These medicinal elements act so  
favorably upon the stomach, that this  
organ obtains for itself the elements  
necessary for creating new flesh, muscle  
tissue and for making rich red blood.  
When the stomach acts easily and  
naturally, a desire is created for good  
simple food and a good appetite is the  
sure result.

With cod-liver oil as formerly taken  
the medicinal elements which it con-  
tained were too often unable to  
counteract the harm that was done by  
the obnoxious grease that enveloped  
them.

Now that in Vinol we have those  
same elements separated from the vile-  
tasting fat, we have a tonic and re-  
builder that is simply marvelous in its  
action.

The following is a letter that will ex-  
plain itself:  
This is to certify that I have used  
six bottles of Vinol, and have found it  
of great value as an appetizer and  
tonic in general debility. I have re-  
ceived so much benefit from its use  
that I gladly furnish this testimonial  
in order that others may be induced to  
give it a trial and prove to themselves  
its recuperative powers."—Mrs. ELIZ-  
ABETH FEENEY, Waterbury, Conn.

We want every one in this place to  
know more about our Vinol, how it  
cures and what it cures. Certainly  
the greatest tonic and re-builder we  
have ever sold.  
We, therefore, cordially invite any  
one interested to call upon us; and  
we want all to bear in mind that we  
will gladly refund to any one who is  
not satisfied with the action of Vinol  
every cent they pay for it.

**BLIZZARD IN WYOMING.**  
Cattle and Sheep Suffer From Storms  
and Lack of Fodder.

Cheyenne, Wyo., Feb. 13.—The  
storm that began several days ago  
has assumed the proportions of a bliz-  
zard throughout Southern and West-  
ern Wyoming.

In the western portions of the state  
snow has fallen to a great depth.  
High winds have accompanied the  
storm and the snow has been piled up  
in railroad yards, delaying traffic. The  
weather has been bitterly cold. In the  
Red Desert country between Rawlins  
and Evanston, which is the most  
favored of all winter ranges, sheep  
are dying; their trails are covered  
and the supply of sage brush is  
short. Cattle are in poor condition  
owing to the long series of severe  
storms, and in sections where there is  
no hay to feed them the losses will be  
large.
